

Wisdom for Your Life.

**UT**  
THE UNIVERSITY OF TENNESSEE  
**MEDICAL CENTER**

# Heart *SAVER*

**HEART  
HOSPITAL**  
Opening 2010

*In the spirit of compassion, care & hope*, we invite you to join us as a **HeartSaver** and create a place of healing for cardiovascular patients throughout East Tennessee.

As a **HeartSaver** you are joining others in our community to establish The University of Tennessee Medical Center Heart Hospital – the first and only heart hospital in Knoxville. The Heart Hospital will house facilities and staff dedicated solely to the care and treatment of cardiovascular patients, with state-of-the-art equipment to treat heart disease. It will be a hospital fostering education and training focused on heart care and comprehensive outreach programs to prevent heart disease.

As a **HeartSaver** you, like The University of Tennessee Medical Center, are committed to exceptional healthcare through your gift of \$1,000 to the Heart Hospital and our efforts to enhance heart care in our region. The University of Tennessee Medical Center is a non-profit organization and your gift to the **HeartSaver** program is tax deductible.

As a **HeartSaver** you will be recognized in several ways; however most notably is within a tiled mural located in the new Heart Hospital. This inspirational, one-of-a-kind mural will provide families your message of hope and commemoration in a beautiful piece of artwork.

To become a **HeartSaver** complete the enclosed card and return in the envelope provided. If you have questions regarding the program, please contact the Development Office at 865-305-6611 or [development@utmck.edu](mailto:development@utmck.edu).

Thank you for joining us in this important and heartfelt mission to give our community the level of care it deserves – and expects – from an academic medical center such as The University of Tennessee Medical Center.
