

Before Surgery: How do I bathe or shower with HIBICLENS®?

Instructions:

- Two days before surgery, shower using the Hibiclens Foam
- The day before surgery, shower using the Hibiclens Foam.
- Morning of surgery, shower using the Hibiclens Foam.

1. If you have any open skin areas, check with a nurse before using HIBICLENS to shower or bathe
2. If you plan to wash your hair, do so with your regular shampoo then rinse hair and body thoroughly to remove any shampoo residue
3. Wash your face with your regular soap or water only
4. Thoroughly rinse your body with water from the neck down
5. Apply HIBICLENS directly to the skin or on a wet washcloth and wash gently. Move away from the shower stream when applying HIBICLENS to avoid rinsing off too soon
6. Rinse thoroughly with warm water
7. Do not use your regular soap after applying and rinsing HIBICLENS
8. Dry your skin with a towel
9. Do not apply lotions or deodorants to the body area. If lotions are required, use only those that are compatible with CHG.

Use only as directed, see HIBICLENS label for full product information and precautions.
